

**1** ROOFTOP VIEW AND MATERIALS

**2** PATIO VIEW AND MATERIALS

**3** MAIN STREET VIEW AND MATERIALS

**4** 2ND AVE VIEW AND MATERIALS

General Notes: 1. The proposed alterations to the US Bank Building have been carefully considered to be architecturally consistent with the historic period of the original construction and seek to preserve and strengthen the essential historic character of this building.  
 2. Orange blocks depicted on views 1-4 represent areas we are contemplating for incorporating public artwork, murals, wayfinding and branding.
