Template for San Mateo County Parks posters, 2024

- Overall art size 11" wide x 17" tall
- The artwork will print at 11.25 x 17.25" with a .125" bleed on each side that will be trimmed off.
 - If you can easily produce art at that size to accommodate the bleed, please do.
 - If this does not work for your medium / format, a finished size of 11x17" is just fine; we will work around it.
- Consider that .25" around the edge of the finished artwork might be covered by a frame.
