The Art Gallery at Umpqua Community College is a 1,100 square foot exhibit space located in the Whipple Fine Arts Center. In addition to regular wall space, a hanging system allows for installation in front of glass walls. The Art Gallery can also be furnished with up to 25 sculpture blocks of various sizes, all white, some with plexiglass protective cases. The Art Gallery is in a climate-controlled building, with separate locking doors. A security system is in place, and the gallery is monitored from an adjacent office.
