UTILITY BOX WRAP ARTWORK SPECIFICATIONS - M CABINET

SPECIFICATIONS

Please submit artwork files as large as possible. Keep in mind that the utility boxes are 50" tall, so artwork files will need to be high enough quality to scale to that size.

- Digital artwork can be submitted as EPS, PSD, or PDF files. Please be sure to export at high resolution.
- Mixed media artwork should be scanned at 300 dpi minimum.
- File names should include artist last name and artwork title. Example: Lastname_ArtworkTitle.pdf

FINAL ARTWORK / PROOFING

Our designer will be sizing your artwork to fit the 4 panels around the utility boxes. You will have an opportunity to review the panels before they are sent to production.

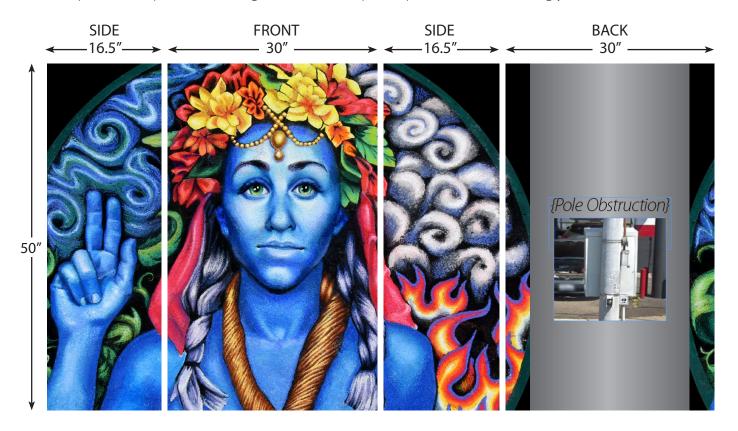

• If you have a rough idea of how you would like the panels to look, please feel free to submit a sketch showing your preference. Below is an example of how the artwork will be split into panels.

BOX SIZE

Note: Artwork only covers the sides, not the top or bottom.

M cabinet - 50" h x 30" w x 16.5"d

The back panel has a pole obstructing the artwork, so please plan artwork accordingly.
